

## **Superintendents' School Health Leadership Award**

*Presented by the ASHA Council on Administrative Support for School Health*

The American School Health Association proudly sponsors an annual award saluting a superintendent who recognizes the connection between student health and academic achievement.

To address the ASHA mission to build the capacity of its members to plan, develop, coordinate, implement, evaluate, and advocate for effective school health strategies that contribute to optimal health and academic outcomes for all children and youth, ASHA celebrates superintendents who are committed to meeting the needs of the whole child in a coordinated and comprehensive fashion.

The **Superintendents' School Health Leadership Award** is ASHA's way of recognizing and sharing a superintendent's exemplary practices with the health and education communities.

The award recipient will receive a complimentary registration to the ASHA annual school health conference, will be profiled in ASHA's newsletter *The Pulse*, and will be highlighted in the American Association of School Administrator's (AASA) *E Bulletin*.

The **Superintendents' School Health Leadership Award** nominees are superintendents who demonstrate exemplary commitment to student and staff health within their districts and beyond. The [Criteria for Consideration](#) is provided to help prepare your nomination.

If you are a member of ASHA with first-hand knowledge of a superintendent who meets these criteria, you are encouraged to submit a nomination.

Submit nominations electronically (preferred method) to: [mbenjamin@ashaweb.org](mailto:mbenjamin@ashaweb.org) or submit a hard copy to:

Superintendents' School Health Leadership Award  
Marjorie Benjamin  
American School Health Association  
PO Box 708  
Kent, OH 44240

The nomination deadline is **May 15, 2010**.

The 2010 recipient will be recognized during the ASHA School Health Conference:

**Healthy Students ... Successful Learners**  
84th Annual ASHA School Health Conference  
October 13-16, 2010  
Kansas City, Missouri
