AMERICAN SCHOOL HEALTH ASSOCIATION PARTNERS WITH ARBOR PHARMACEUTICALS

(McLean, VA, March 18, 2016) – The American School Health Association (ASHA) is pleased to announce a new relationship with Arbor Pharmaceuticals, LLC (Arbor). ASHA and Arbor, an Atlanta, Georgia based specialty pharmaceutical company which currently markets prescription products for the cardiovascular, hospital and pediatric markets, formed this alliance to provide additional resources for ASHA members who are seeking information and education regarding common disease topics in children as well as available therapeutic treatment options.

“The American School Health Association is pleased to announce our new relationship with Arbor as a partner,” said Sharon Murray, ASHA National President. “We believe our members will benefit greatly with access to Arbor’s resources and educational material.”

ASHA is the only organization that addresses multiple disciplines in school health and is devoted solely to transforming schools into healthier environments. This partnership allows Arbor to stay connected to key PreK-12 health and education professional ASHA members. This collaboration will help to ensure that school health issues are addressed so that students can focus on learning.

Arbor distributes Sklice® (ivermectin) Lotion, 0.5% as well as other pediatric products within the US.

“Relationships with groups like ASHA, an organization that is focused on bringing tools and resources to those involved with school health, are a critical part of what we do here at Arbor” said Ed Schutter, president & CEO of Arbor. “We are excited about this new relationship and happy that ASHA members will be able to take advantage of Arbor’s educational tools and products.”

About the American School Health Association (ASHA):

ASHA’s mission is to transform all schools into places where every student learns and thrives. ASHA envisions healthy students who learn and achieve in safe and healthy environments nurtured by caring adults functioning within coordinated school and community support systems. The Association is a

multidisciplinary organization of administrators, counselors, dietitians, nutritionists, health educators, physical educators, psychologists, school health coordinators, school nurses, school physicians, and social workers.

About Arbor Pharmaceuticals:

Arbor Pharmaceuticals, LLC is an Atlanta, Georgia based specialty pharmaceutical company which currently markets prescription products for the cardiovascular, hospital and pediatric markets. Arbor is proud to be a corporate sponsor of a number of nonprofit organizations in these therapeutic areas. We believe in being a good corporate citizen by doing our part to help associations and foundations that focus on funding discovery of new medicines or helping people afflicted by diseases that our products treat. The entire Arbor team is dedicated to creating value for patients by bringing improved medicines to the market with a focus on quality.
