8:30AM – 4:00PM

FOUNDATIONS: CORE SKILLS TRAINING FOR SEXUALITY EDUCATION

Foundations: Core Skills Training for Sexuality Education, is a skills-based workshop which allows participants to practice and enhance their skills related to facilitating sex education, including: climate building in the classroom; exploring the components of comprehensive sexuality education; pedagogical approaches for experiential learning; values clarification; managing personal disclosure; and responding to challenging questions and harassing comments. Foundations is appropriate for those implementing sex education with any grade level and with any curriculum as it is a skills-based training and does not focus on specific content matter. Basic content knowledge of sexuality education is a pre-requisite for this session.
