

Outstanding School Health Researcher Award

Description of the Award: The purpose of this award is to recognize an ASHA member who has demonstrated sustained and outstanding contributions to school health research.

Criteria:

- Nominee demonstrates the significance and quality of his or her research agenda contributing to the school health field in addition to translational research aligned with the Whole School, Whole Community, Whole Child (WSCC) model ASHA's mission and position papers.
- Nominee demonstrates ability to acquire funding (internal and/or external) contributing to school health research and ASHA's mission.
- Nominee demonstrates high-quality empirical school health research aligned with ASHA's mission and published in peer-reviewed, indexed journals.
- Nominee demonstrates valuable contribution to school health research by presenting at national and/or international conferences. Additionally, the nominee has presented at the ASHA conference three out of the past five years, being first author on one or more presentations.
- Nominee is a current member of ASHA.

Nominee Packet should include:

- A nomination letter from a current ASHA member describing how the individual embodies the award criteria.
- A current resume or CV from the nominee highlighted to display how the nominee addresses award criteria.
- Documentation for this award should be submitted to Ashley Dowling, adowling@ashaweb.org by the close of business on **May 3, 2017**.

Note: The documentation of highly ranked candidates shall be kept and reviewed by the Leadership and Recognition Committee for up to two years.
