COMPREHENSIVE HEALTH & WELLNESS PLAN TEMPLATE

BACKGROUND
The Center for Rural School Health & Education is currently partnering with 29 districts in Colorado to develop Comprehensive Health and Wellness Plans aligned with the Whole School, Whole Community, Whole Child Model using the AIM-XL Process. As a part of this collaborative, we created a template plan for districts to populate (via google drive).

PARTNERING COLORADO SCHOOL DISTRICTS

OPEN-SOURCE TEMPLATE
We are now offering a publicly available template in the hopes that providing the structure for a plan will encourage schools or school districts to be deliberate in their planning and implementation of the WSCC model. All prompts and structures included are optional. Further instructions on using the template are available on page 1. Happy planning!
